

Radon Boats -- Newsletter

Issue No. 32, Summer  
2012

**Radon Team**

Compiled & edited by **Linda Radon**

### **President's Message**

I can't believe it has been a year since my last President's message - the time has gone by so fast! For those of you that have been affected by the weak economy - we have felt it too! But the good news is this year has been so much better than last year for Radon Boats! Let's all hope that things continue to improve and we can build lots of awesome boats to show this crummy economy who's in charge!

This newsletter is devoted solely to Steven Paling's boat. It is a 26' custom Radon with twin Evinrude 250 HP E-TECHs.

Our next newsletter will be more extensive with lots of photos!

Don Radon

## **Featured Boat**

### **Stephen Paling, Jr., Oahu, Hawaii**

We built and delivered Steve's boat last year and we humbly apologize for taking so long to feature it in our Newsletter. Steven was a dream customer, and we thank him for choosing us as his boat builder.

Above: With Don at the helm, Jeremy and Jose go along on the first sea trial

Stephen's boat is powered with twin 250 HP Evinrude outboards. In other words, *it flies!* Steve loves to fish and dive, so this boat was custom built with his needs in mind.

Above and below: view of deck from stern and bow. As you can see, his boat has ample deck space!

Foam insulated fish hold

Live well and fighting chair ring mount

Transom dive door

V-berth

The helm and table

Twin helm seats

Dive tank racks for easy storage

A very happy customer! Stephen on the first day at the helm of his new custom Radon 26'

In the Santa Barbara harbor

Don & Stephen in the Radon boat yard

Stephen's boat in Hawaii after his first trip. That is quite a catch!

Thank you Stephen!

*Radon Team is finished for now! See you next time!*
